35th Annual Invitational Elephant Butte Balloon Regatta

For over two hundred and twenty years crowds have been coming from miles around to watch in amazement the gentle giants of the sky known as hot air balloons. In 1784 over 400,000 people came to see the first manned flight in France. Annually for over thirty seven years the Albuquerque International Balloon Fiesta® has attracted up to a million visitors over the length of their rally. Why?

Since their inception hot air balloons have attracted young and old. As a family sport Aeronauts, FAA certified LTA pilots, fly hundreds of thousands of flight hours a year giving lifetime experiences to passengers and observers alike.

As a rally balloon sponsor you have to opportunity of a lifetime too. From as little as a few hundred dollars you can be a part of someone's history. Sponsors provide the financial resources for Aeronauts to visit hosting cities and towns and share their love of flying without wings. In return sponsors are eligible, depending on the level of their investment, to rides, listings on posters, radio and television spots, website links, flyers, shirts and more. Business marketing personnel are always looking for new and different ways to promote their business or provide

their valuable clients with experiences that will show appreciation of their business locality. Hot air balloons provide just that experience.

Early morning sunrises are the background for morning events. With guests, crew, pilots and sponsors smiling, awestruck at the beauty of many balloons filling the ground and air with their spectacular beauty. Soon, weather permitting, the sky is filled with balloons of various sizes and shapes. If you are one of the lucky passengers you will delight in floating above the earth and never be the same. On the ground visitors enjoy the roar of balloon burners and watching takeoffs with childlike joy.

Afterwards many pilots and crew celebrate their passenger's first flight with a ceremony and a toast sometimes continuing with a tailgate of various proportions.

Sponsors, pilots, crew, passengers and observers are all a part of the fun. This sport transcends the word sport and touches our fascination for flight in its first and simplest form- lighter than air flight.
